# Youth Gang Awareness, Suicide Prevention & Domestic Violence Symposium

Today's schools and communities are presented with many social, emotional and physical challenges associated with youth and families. Our youth are exposed to a variety of stressors and unsafe situations daily that impact healthy development and success in life. This symposium will provide an overview and understanding of several significant issues; suicide risk, substance use, depression, domestic violence, gang awareness and options for support to youth, families and the public.

The Fairbanks North Star Borough School District—Office of Safe & Drug Free Schools and the FWA Garrison Chaplain's Office in a joint venture are offering multi-track community-wide presentations and community forum targeting serious issues involving youth and families.

### Guest Presenters:

Dr. Steve Stosny—Domestic Violence  
Matthew Dovel—Suicide Prevention  
Dr. Michael Walker-Jones—Gang Awareness

\* For additional Information and registration, contact: Montean R. Jackson, FNSBSD—Office of Safe & Drug Free Schools at 452-2000 x355.
