

There are three good reasons to support the work ISP is doing, and that will give you the confidence required to make an intelligent decision that you are doing the right thing;

1. In 2007, ABC did an investigation on the president of ISP, and ISP, that lasted eight months before airing a special on why he founded ISP. In July 2007, this special aired on "Good Morning America" and "20/20". We were literally followed, and accompanied for eight months at the end of 2006, and the beginning of 2007. All associates were asked to give testimonials on ISP's behalf to verify the story.
2. ISP is the only civilian organization to have trained the U.S. Army active duty personal on suicide awareness, and its prevention. Our training is unique, and more importantly, effective. And, they have asked us to come back, and teach another 10,000 to 20,000 troops, at Fort Wainwright, Alaska this April 2008. The pentagon also conducted an extensive background check on this organization.
3. In December of 2007, the Governor of Nevada, Jim Gibbons, assigned Drew Lesofski, Policy Advisor State of Nevada, to draft a bill that has been submitted this February 2008, to Senators; Harry Reid, John Ensign, and Congressmen; Shelley Berkley, Dean Heller, and John Porter to fund ISP's work for \$40,000,000.00.

Now, we are not asking that you provide donations to fund the \$40,000,000.00 needed, but we are asking that you take a serious look at what you can do to help.
